Welcome to your new home for all your online meetings. MyConnect Pro is here to make your virtual collaborations seamless and efficient. We live in a new, fast-growing digital age where technology is now becoming our second language.

Everything is now on demand. Since the COVID era, the online meeting place has exploded in demand for instant video conferences, meetings, sales presentations, company collaborations, project management, even family events with distant family members joining in together through the power of video meeting platforms. Today, over 125 million users are doing online presentations.

Over 80 million online users are subscribing for this valuable service. Altogether, there are over half a million online meetings completed every day. Major platforms like Zoom, Google, and Microsoft are forecasting these numbers to double in the next five years.

Along with this high growth brings new challenges as well as opportunity. There is a massive need for quality meeting environments, better user-friendly tools, more features, and larger attendee space. MyConnect Pro is doing just that.

With MyConnect Pro, you get features like unlimited meeting time, larger attendance with up to 500 attendees, user-friendly tools easier to locate on your dashboard, and, just as important, your own custom meeting link to share with attendees. No more long numbers, meeting codes, or different login usernames for trying to get into a meeting. With MyConnect Pro, it's easy to join a meeting anytime.

Equally important is the growing demand for affiliate plans and revenue sharing for technology products. As the demand grows, so does the competition. Technology companies are now competing for users and market share.

This brings a very unique opportunity to the forefront, the opportunity to revenue share with MyConnect Pro users and customers. When you subscribe to MyConnect Pro as a valued customer, you automatically are enrolled as an affiliate member. There are many big benefits to this.

One benefit is that you can begin to share your own meeting room link with other clients, friends, and associates. When they subscribe to MyConnect Pro, you get rewarded and earn a referral commission. This generous commission is paid to you each month as long as your associate remains subscribed on your team.

There is no limit on how many associates you enroll into MyConnect Pro. Your team associates can also do the same thing. As your associates build their own team, you get rewarded an

override bonus on their monthly volume.

This business model pays you bonuses through five unique team levels. So the income potential can be very substantial. As a MyConnect Pro customer, you get all the tools and benefits of our amazing video meeting platform for one very affordable monthly subscription fee.

You are not locked into any contracts so you can quit any time. You are guaranteed our low subscription price each month won't change. So, looking for a great place to hold your meetings? Check us out, MyConnectPro.com. If you are looking for a way to build a nice side income, we just might be the solution to help you.

Either way, welcome to MyConnect Pro, your new meeting place online. Join us and elevate your virtual meetings.
